

From parishioners: April 2019

Large pile of soil dumped in the field immediately south of the Meads. It has been questioned whether this could be from a contaminated site in the village (eg the Hare Street Garage site). If it is contaminated, the run-off could enter the River Quin.

Action: Informed via East Herts Environmental Health to check for potential contamination.

Large bonfires producing what is possibly toxic smoke making it impossible to work at Wildacre Woodyard.

Action: Reported to East Herts Environmental Health

Racing vehicles in field adjacent to Wildacre Woodyard; creating noise and disturbance and concerns that it could escalate and concerns of future traveller encampment.

Action: Reported to Duncan Wallace

Field to north of Hare Street: Activity raising concerns about possible traveller encampment. Photos provided.

Action: Reported to Duncan Wallace
